

AHC20716 Certificate II in Production Nursery

Qualification Description

This qualification provides an occupational outcome in production nursery industry. The nursery industry expects this qualification to be achieved to meet job outcomes at this level.

It applies to individuals who work under general supervision and exercise limited autonomy with some accountability for their own work. They undertake defined activities and work in a structured context. All work is carried out to comply with workplace procedures.

Entry Requirements

There are no entry requirements for this qualification.

Language, literacy and numeracy

All applicants are required to complete a Language, literacy and numeracy assessment prior to enrolling and will require sufficient language, literacy and numeracy skills to be able to engage in the assessment and to perform workplace tasks such as:

- solving problems individually or in teams,
- using technology and related workplace equipment
- performing basic mathematical calculations
- Interpreting and consolidating information from workplace procedures.

If you require assistance, please contact us to discuss the options available to you.

Licensing/Regulatory Information

No occupational licensing, legislative or certification requirements apply to this qualification at the time of publication.

Employment Pathways

Jobs covered by this qualification include production nursery assistant and horticulturist.

Location*

This course is delivered offsite at a venue negotiated with the client.

Duration*

6 to 12 months.

Mode of delivery

All courses offered by TABMA Training are delivered to meet student needs in a similar format with either face to face tuition and/or mentoring support. Some programs have a class based training schedule to assist students with more comprehensive subjects and assessments.

Students are expected to attend all classes and successfully complete all tasks and activities during the course. There are also activities to be completed outside of the workshops. These activities are aimed at allowing the learners to apply the course content in their own workplace environment.

Assessment type:

The assessments are competency based and use an open book approach book comprising both theoretical and practical exercises. These assessments typically include written questions; case studies/scenarios; individual assessment, and practical tasks in a simulated workplace environment.

Student Eligibility Criteria:

There is no student eligibility criteria.

Recognition of Prior Learning / Credit Transfers:

Recognition of Prior Learning

Students may be eligible to apply for recognition of their chosen qualification by providing evidence of their previous training, employment experience or other life skills that meet qualification requirements. Successful applications may result in a reduced training time.

Credit Transfer

Students may be eligible to apply for credit transfer. This is where you can provide evidence of previous studies where there is equivalence to the units of competency within the course. (Please refer to student handbook).

Costs

Fee for service: \$4512 per full qualification or \$284 per unit of competency.
