

FWP30516 Certificate III in Timber Manufactured Products

Qualification Description

This qualification is designed for job roles in the timber manufactured products sector of the forest and forest product industry.

Entry Requirements

There are no entry requirements for this qualification.

Language, Literacy and Numeracy

All applicants are required to complete a Language, literacy and numeracy assessment prior to enrolling and will require sufficient language, literacy and numeracy skills to be able to complete the assessment. This program requires sound communication and interpersonal skills, the capacity to read and interpret written instructions and the ability to analyse and write reports in context to the job role.

Licensing/Regulatory Information

Licensing, legislative, regulatory, or certification requirements may apply to units in this qualification in some states & territories at the time of publication and may differ according to jurisdiction.

Some imported units in the elective bank may be subject to licensing, legislative, regulatory, or certification requirements. These units must be implemented in line with the licensing requirements outlined in the unit's parent Training Package.

Employment Pathways

This qualification has a number of employment pathways for operational environments of the timber manufactured products. These are:

- Press Operator
- Machine Operator (e.g. Finger jointing, moulding, planing)
- Saw Operator
- Timber Manufactured Products Technician

Education Pathways

FWP40216 Certificate IV in Forest Operations

Packaging Rules:

13 units must be completed:

- 6 core units

TLIA3018	Organise despatch operations
FWPCOT3264	Build and maintain timber stacks
BSBFLM303	Contribute to effective workplace relationships

Location*

This course is delivered offsite at a venue negotiated with the client.

Duration*

12 – 18 months in an actual workplace setting

Mode of delivery

All courses offered by TABMA Training are delivered to meet student needs in a similar format with either face to face tuition and/or mentoring support. Some programs have a class based training schedule to assist students with more comprehensive subjects and assessments.

Students are expected to attend all classes and successfully complete all tasks and activities during the course. There are also activities to be completed outside of the workshops. These activities are aimed at allowing the learners to apply the course content in their own workplace environment.

Assessment type:

The assessments are competency based and use an open book approach book comprising both theoretical and practical exercises. These assessments typically include written questions; case studies/scenarios; individual assessment, and practical tasks in a simulated workplace environment.

Recognition of Prior Learning / Credit Transfers:

Recognition of Prior Learning

Students may be eligible to apply for recognition of their chosen qualification by providing evidence of their previous training, employment experience or other life skills that meet qualification requirements. Successful applications may result in a reduced training time.

Credit Transfer

Students may be eligible to apply for credit transfer. This is where you can provide evidence of previous studies where there is equivalence to the units of competency within the course. (Please refer to student handbook).
